FLOOR 11**>HAT Collective (11-122)**

Fiellø is HAT Collective's latest height adjustable desk. Manufactured at HAT Collective's European headquarters in Denmark, and with Gensler as product design consultant, Fiellø combines Danish aesthetics, intuitive design and essential technology. www.hatcollective.com

HAT Collective: Fiellø

>Heller (1123-A)

Bluff is a new indoor/outdoor chair from Heller designed by Hlynur Atlason. Bluff is a modern take on a typical outdoor lounge chair, but is stylish and versatile enough to compliment interiors, as well.

Limbo, designed by Hlynur Atlason, is a new indoor/outdoor chair, which gets its name from the confusion of whether it should be used inside or outside. This modern lounge chair is durable enough to upgrade any outdoor living area, but sleek enough to fit perfectly into an indoor vignette.

Heller: Bluff

Swell, designed by Anna Dawson, is an all-you-need coat rack/meets key bowl/meets catch-all tray. It is an easy hanging storage solution that holds up to 75 pounds. <https://hellerfurniture.com/>
